**PROGRAM REQUIREMENTS**

The Art Education Concentration has a rigorous and fixed curriculum. Interested students should declare their intent to pursue the concentration and meet with the Arts Education Specialist (Tesh Ramey) as soon as possible. After completion of foundation courses and being accepted to Teacher Education, students progress with upper level coursework in the College of Arts + Architecture and College of Education and the Art Education concentration is added to their transcript. Failure to complete the Application to Teacher Education by sophomore year results in a delayed graduation date. One additional summer or one semester of overload is required for completion of the major (see suggested plan of study).
