PROGRAM REQUIREMENTS

The Athletic Training Education Program (Upper Division) has a selective admissions process. Students apply during the fall semester of their sophomore year. Admission decisions to the Upper Division Athletic Training major are made by the Athletic Training Admission Committee in the Fall of each academic year for spring admission. Not all applicants who meet the minimum requirements will be admitted. Consistent with University policy, the College offers admission to applicants whose credentials present the best qualifications among those meeting minimum requirements.

Students who have completed all of the Pre-Kinesiology prerequisites may apply for the upper division of the Athletic Training Education Program. Applicants must meet the following minimum academic requirements as well as submit a completed Athletic Training Education Program application packet.

1. Cumulative GPA of 2.5 or better in all college coursework;
2. Completion of 36 hours of coursework;
3. Successful completion of the pre-requisite courses with a "C" or better at the time of application. Please note that applicants who are enrolled in required classes at the time of application may still apply but formal admission will be contingent upon successful completion of those classes prior to the fall semester.
 - KNES 2150 Introduction to Kinesiology
 - KNES 2294 Care and Prevention of Athletic Injuries
 - CHEM 1200 Fundamentals of Chemistry
 - CHEM 1251 Principles of Chemistry
 - CHEM 1251L Principles of Chemistry Lab
 - STAT 1222 Introduction to Statistics

 - KNES 2168L Human Anatomy and Physiology for the Health Professions Laboratory or BIOL 2273L Human Anatomy and Physiology Lab
4. Completion of a formal letter of application addressed to Dr. Tricia Turner, Program Director. Applicants should indicate their reasons for applying to the Athletic Training Education Program. Please include a statement of your employment goals upon completion of the B.S. in Athletic Training degree.

5. Completion of the "Athletic Training Education Program Application." Please note that students applying to the program must sign a statement indicating they have read the College of Health and Human Services Technical Standards for Undergraduate Programs, located in the College Student Handbook and in the Athletic Training Student Handbook.
6. Completion of a minimum of 50 hours of observational experience before the end of the fall semester you are applying to the program. These observational hours are set up by the student. Students must observe a certified athletic trainer. The supervising athletic trainer must fill out an evaluation form which must be submitted to the program director. The form can be found on our website: <http://kinesiology.uncc.edu/academic-degrees-and-programs/bs-athletic-training>
7. A student transferring to UNC Charlotte with credit for BIOL 2273 and BIOL 2273L are not required to take BIOL 1110.
8. A student transferring to UNC Charlotte with credit for CHEM 1251 and CHEM 1251L are not required to take CHEM 1200.

Students who are formally accepted into the Athletic Training Education Program (BS in Athletic Training Major) are required to submit the following information prior to beginning their first clinical education rotation:

1. Certificate of liability insurance (purchased by the student)
2. Completed physical exam form that indicates compliance with the Program's technical Standards
3. Proof of current 1st Aid and CPR certification along with Blood Borne Pathogen Training.
4. Proof of required immunizations and TB test results
5. Submit a criminal background check as well as a drug screen

The athletic training program considers application for admission without regard to race, color, national origin, religion, sex, sexual orientation, age or disability.

****Students who earn 2 D or more lower or upper division grades will be removed from the athletic training program****
