PROGRAM REQUIREMENTS

The undergraduate curriculum is highly structured. Courses in architecture from other accredited institutions may be considered for transfer. Previous university credit does not typically expedite the curriculum.

Areas	Credit Hours	Description
Pre-Major/Prerequisites	-	
Major	83 (typ) 64 (opt)	This typical "pre-professional" track includes 83 hours of required courses in architecture. Students not intending to pursue a professional degree can elect to reduce the required architecture coursework up to 19 hours in order to pursue alternative elective coursework.
General Education <i>(not satisfied by other major requirements)</i>	31-34	Some General Education requirements are fulfilled by courses within the major including two (W) Writing Intensive courses and one (O) Oral Communication course.
