

PROGRAM SUMMARY

- **Credit Hours:** 125
- **Concentration Areas:** Applied Energy and Sustainable Systems
- **Declaring the Major:** Students may declare a major in Civil Engineering Technology at the time of admission. Students in good academic standing may submit a Change of Major form at any time to declare a major in Civil Engineering Technology. Orientation and/or advising sessions are required for new students.
- **Advising (For the Major):** Required upon admission to the major and before each semester. Assigned advisors hold group advising sessions, followed by individual advising by appointment.
- **Advising (For General Education):** By Student Service Specialists in the department.
- **Minimum Grades/GPA:** GPA of 2.0 in the major required for graduation. Grades of C or better are required in all freshman level courses, as shown on the Suggested Plan of Study.
- **Teacher Licensure:** No.
- **Evening Classes Available:** Some upper division (junior/senior) classes are available late afternoon or evening on a rotating basis. It is highly unlikely that students would be able to complete the degree requirements through evening courses alone.
- **Weekend Classes Available:** No.
- **Other Information:** Students who complete an Associate in Applied Science degree (AAS) in a related field before enrolling at UNC Charlotte are eligible for the Civil Engineering Technology 2+2 Program, which allows students to complete their B.S.E.T. degree with a minimum of two additional years of coursework. Students have the option of completing the requirements of the Civil Engineering Technology degree as a dual major with the B.S.C.M. in Construction Management. This plan of study typically takes two additional semesters to complete.

PROGRAM REQUIREMENTS

The Civil Engineering Technology program at UNC Charlotte includes education, research, and technology development in the areas of structures, construction, transportation, water resources, and geotechnics. In the first two years, emphasis is placed on fundamental mathematical, scientific, and communication skills through topics including the fundamentals of engineering technology, surveying, construction materials, methods, environmental technology, and structures. The third and fourth years provide emphasis on analysis and design with specialized courses in soil mechanics, foundation design, structural analysis, design of steel, concrete, and timber structures, and highway design and construction.

Areas	Credit Hours	Description
Pre-Major/ Prerequisites	-	Any student declaring a major in the Civil Engineering Technology program at UNC Charlotte must submit a Change of Major application for review. AAS transfer students must fulfill a series of specified prerequisite courses before proceeding with upper-division coursework. All new CIET majors are required to meet with a Student Support Specialist for pre-registration advising.
Major	83	Major courses are specified by the department.
General Education (not satisfied by other major requirements)	35	First-Year Writing courses / Basic Skills of Information Technology (UWRT 1103 or 1104); Mathematical & Logical Reasoning (MATH 1103 & STAT 1220); Social Science (ANTH 1101/GEOG 1105/ECON 1101 or 2101/POLS 1110/SOCY 1101); Natural Science (PHYS 1101 & 1101L, PHYS 1102 & 1102L, and GEOL 1200 or CHEM 1251); Themes of Liberal Education (LBST 110X and 2301; and two from: LBST 2101, 2102, and 221X).
Related Work	-	
Foreign Language	-	
Electives	7	Students must complete two 3 credit hour major elective courses, and one 1 credit hour major elective lab. Major electives are selected from the list of approved core Civil Engineering Technology electives and approved by the advisor.
Total Credit Hours	125	

SUGGESTED PLAN OF STUDY

Freshman Year

Course Number	Course Title	Credit Hours	General Education	W/O Course	Notes
<i>Fall Semester</i>					
UWRT 1103	Writing and Inquiry in Academic Contexts I & II	3	X		Grade of C or better required
ETCE 1222	Construction Materials	3			Grade of C or better required
ETCE 1222L	Construction Materials Laboratory	1			Grade of C or better required
ETGR 1100L	Engineering Computer Applications	1			Grade of C or better required
ETGR 1103	Technical Drawing I	2			Grade of C or better required
ETGR 1201	Intro to Engineering Technology	2			Grade of C or better required
MATH 1103	Pre-Calculus Math for Sci. & Eng.	3	X		Grade of C or better required
<i>Spring Semester</i>					
CMET 1680	Prof. Development I: Construction Safety	1			Grade of C or better required
ETCE 1104	Civil/Construction CAD Apps.	2			Grade of C or better required
ETCE 1211	Construction Surveying I	3			Grade of C or better required
ETCE 1211L	Construction Surveying I Laboratory	1			Grade of C or better required
XXXX XXXX	Social Science Elective	3	X		Grade of C or better required
LBST 110X	LBST Series: Arts & Society	3	X		Grade of C or better required
MATH 1121	ET Calculus or ETGR 2171 Engineering Analysis I	3			Grade of C or better required
